

Dear Postcard Club,

At our last advisory board meeting in December, the board strongly encouraged us to focus on itineration (contacting churches to raise support). So we have been visiting churches from Santa Barbara, CA to Las Cruces, NM; from Pahrump, NV to Douglas, AZ. **Since January 1st we have put 7,921 miles our the car; mostly itineration miles.**

We have connected with 72 churches since our board meeting. We met:

- 42 Seniors Pastors
- 5 more Senior Pastors at a pastors breakfast
- 9 Missions Pastors/Missions Directors
- 1 Children's Pastor
- 13 staff
- 2 were unable to meet us so they said we could send information or leave it at the church

Usually we show our promo DVD, explain our ministry then we leave the DVD and other promo information.

We also met the New Mexico District Superintendent, the Secretary/Treasurer, and the Women's Ministry Director. They were all encouraging and we were given approval to itenerate in New Mexico.

In February we were in Washington state. While there, we met with and explained our ministry to the Northwest Ministry Superintendent. He approved our itineration in that district.

Between itineration trips we spent time in Jan/Feb to rework existing videots to make a new promo DVD for Mike and Dodey Files, missionaries to South America. Larry and Ann Dimond visited us in Kingman. We were able to duplicate 53 more copies of the promo DVD that we had made for them in Ireland last March.

Since December we have been guest speakers for Sunday morning services in Overton, Nevada and Tucson, Arizona; for a Wednesday night service in Tucson; and for a Saturday night and Sunday morning Missions Convention in Douglas, Arizona.

Currently we also have 3 services or mission windows scheduled for later this year.

We would love an opportunity to tell your church about some of the many exciting missionary ministries God has allowed us to videotape around the world, please contact us to set a time.

God Bless,

Mac & Barb

Enroute to the Missions Convention in Douglas, we had an afternoon with no appointments scheduled. So we stopped to enjoy the desert's beauty at Saguaro National Park near Tucson.

We drove through a small snow storm between Albuquerque and Gallup.
