Gospel Choir

Momochi Symphony Church in Fukuoka, Japan has outgrown the space it rents from Fukuoka International School. They are now raising funds to buy property so that there is room for more growth.

Music is one way to reach the people of Japan. Colette directs the Gospel Choir at the nearby community center, teaching them gospel songs in English and Japanese. The choir sang at the Easter service. Here is a portion of one song, *God Is Working*:

While in Japan we got to spend a day with our good friend Kiyoshi & his family. They gave us a wonderful tour of Tokyo & we enjoyed a dinner at the home of Kiyoshi's mother.

We also had a brief visit with our family in Singapore.

Philippines After our return from Japan we were able to edit a video for Ray & Deborah Miller, missionaries to Mindoro, Philippines. It can also be seen here:

Romania & Slovenia God has done amazing things since Teen Challenge centers were established a decade ago in Romania and Slovenia. They began as street outreaches, then coffee house ministries followed by residential recovery centers for men and women. They now include all of those ministries plus thriving evangelical churches. This Fall we are going with Teen Challenge of Southern California to document what God has done and help them prepare for future ministry in those countries.
